

## Does Not Grip Nor Nauseate

Syd. R. Carter, chief of Evansville's renowned fire department, is a thorough fire-fighter. Mr. Carter rose from the ranks to his present responsible position. His appointment was made as a fitting recognition of his merits. Mr. Carter is one of the most popular officials in the country, and justly so. He is of athletic build, stands something over six feet, and is the picture of robust health. Firemen are often sufferers from constipation and other stomach disorders, superinduced by the irregularity of the strenuous lives they live.

Mr. Carter owes much of his perfect health to the free use of

## Dr. Caldwell's (LAXATIVE) Syrup Pepsin

and tells about it in the following testimonial:

Pepsin Syrup Company, Monticello, Ill.  
Gentlemen—I am pleased to attest to the curative powers of Dr. Caldwell's Syrup Pepsin. For several years I had been suffering from constipation, caused, no doubt, by the unavoidable irregularities of a fireman's life. I had taken many different medicines for this trouble, most of which did me very little good, until at last a friend of mine persuaded me to try Dr. Caldwell's Syrup Pepsin. I have been using this remedy now for several months, and find it to be exactly what I need. An occasional small dose taken after meals or at bedtime, keeps my digestive organs in perfect condition. One of the best things about your medicine is its gentle action; it never causes griping pains or nausea as do other laxatives. My children also take your medicine regularly; they enjoy its pleasant taste, and I find that it keeps their bowels in healthy condition. I shall always keep Syrup Pepsin in my home and will recommend it to my friends who are in need of such a remedy. Yours very respectfully,  
S. R. CARTER, Chief Fire Dept., Evansville, Ind.

## FRISCO STOPS "POLICY" MONEY.

Expense Accounts of Agents for  
Wine Feasts Will No Longer  
Be Allowed.

Chicago, March 15.—The St. Louis and San Francisco and Chicago and Eastern Illinois railroads have determined no longer to allow expense accounts for wine feasts among traveling, district and general agents.

For years, it is said, it has been customary for agents of railroads to spend what they termed "policy" money. On every expense account about one-half of the items have been for drinks, suppers and other expenses incurred in preserving "policies."

The reform is in line with the general rules against intoxicants that are now enforced on all railroads. Up to this time, however, the rules have applied only to the employees of the train and operating departments.

### NORTHERN SECURITIES.

Believed Plans for Dissolving Company Were Discussed.

New York, March 15.—A number of Northern Securities officials, including President Hill, Vice President Clough and Directors George F. Baker and John S. Kennedy, held a long conference at the company's office to-day.

It was said that plans to dissolve the company and return the railroad stocks to the original holders were discussed, but this could not be confirmed, inasmuch as Mr. Hill declined to make any statement. He did say, however, that the general situation was unchanged. He refused to discuss any of the reports of alternative plans. An official copy of the Supreme Court's decision, as rendered on Monday, will be received by Northern Securities officials to-morrow.

### TEXAS AND PACIFIC REPORT.

President Gould Says Cotton Crop Will Be Large.

New York, March 15.—The annual meeting of the Texas and Pacific Railroad Company was held to-day. The annual report showed that the gross earnings were \$12,064,744, against \$11,296,990 the previous year, net earnings \$3,884,533, against \$4,643,117 for 1903. In his report President George J. Gould says that the cotton crop will be large this year and that the road will profit by the St. Louis Exposition.

### 12,000 Copies of Decision.

Washington, March 15.—Senator Lodge to-day introduced a resolution authorizing the printing of 12,000 copies of the decision of the Supreme Court of the United States in the Northern Securities case, and of the complete record in the suit, including the briefs of attorneys and the opinion of the United States Circuit Court of Appeals. The resolution went to the Committee on Printing.

### Managers' Meetings.

Routine matters were discussed at the meetings of the St. Louis Managers' Association and the St. Louis Coal Traffic Bureau at Union Station yesterday.

### To Raise Bonus.

Corpus Christi, Tex., March 15.—At a meeting of the Board of Trade this afternoon it was publicly decided to raise the bonus for the St. Louis, Brownsville and Mexico Railroad, and the committee will at once resume soliciting.

## DIED TWO DAYS AFTER SELECTING HIS PALLBEARERS

Fireman Patrick Barrett Contracts Consumption From Injury Sustained in Collision.

Two days prior to his death on Tuesday Patrick Barrett, a fireman, living at No. 512 Minnesota avenue, selected six comrades to act as pallbearers at his funeral.

Barrett, who was but 35 years old, died as the result of an accident sustained in

PATRICK BARRETT.  
Fireman, whose death resulted from injury sustained over a year ago.

September, 1901. While responding to an alarm with his company, No. 24, he was thrown from the running-board of a truck, which collided with a farmer's wagon at Broadway and Chouteau avenue.

Barrett's left side was crushed, which affected his lungs, and although he was again at his post of duty shortly afterwards, his health began to fail. Six months ago consumption developed, and he was sent to Texas to try and regain his health. Three weeks ago he returned, his case being pronounced hopeless. The funeral will take place at 5:30 o'clock to-morrow morning, from St. Mary and Joseph's Church. The pallbearers will wear their uniforms.

## "THE LITTLE CLOAKHOUSE."

A. A. Aal's Opening Seemed Like a Fashionable Theatrical Matinee.

One might have imagined himself in the fashionable foyer of a Bijou theater, when in the cozy rooms of the Albert A. Aal's Cloak Company's salesrooms yesterday afternoon. There were the catchy strains of the "Princess of Posen" from the half-coated orchestra in the balcony above the rather stagy end of the salesrooms, the froth of silken skirts of scores of feminine patrons, the distribution of silver souvenir spoons, all of which might have marked the opening performance of popular drama, and an entire atmosphere of femininity that became either an opening of a fashionable cloak store or the premier performance of a popular artist.

It all went to show that the busy little salesrooms had the reputation of the "Princess of Posen" around the corner, was fully maintaining its reputation for the most attractive thing of the whole place, however, was the excellent taste that was everywhere displayed, and the predominant idea that "The Little Cloakhouse" "Round the Corner" had something distinctive to offer and that the purchaser was going away with a garment that was in the best style and of the best material and that had a way about it of its own.
